

## PROGRAMMA DIDATTICO DIDACTIC PROGRAMME

### CORSO COURSE

MASTER IN PNEUMOLOGIA PEDIATRICA  
MASTER DEGREE IN PEDIATRIC PULMONOLOGY

### PROFESSORI PROFESSORS

ALBERTO VILLANI (Coordinator Accademico, Chair)  
RENATO CUTRERA (Coordinatore Clinico, Coordinator)

- 
- Governo clinico
  - *Clinical governance*
  
  - Anatomia e fisiologia del sistema respiratorio inquinamento ambientale e malattie respiratorie
  - *Anatomy and physiology of the respiratory system Environmental pollution and respiratory diseases*
  
  - Funzionalità respiratoria
  - *Respiratory functional test*
  
  - Endoscopia delle vie aeree e diagnostica per le immagini
  - *Airways endoscopy and lung imaging diagnosis*
  
  - Allergologia, immunologia diagnostica vaccini e immunoprofilassi delle patologie respiratorie
  - *Allergology, immunology diagnosis vaccines and respiratory immunoprophylaxis*
  
  - Patologia con respiro sibilante
  - *Pediatric wheezing disease*
  
  - Malattie infettive e pneumopatie suppurative
  - *Infectious diseases and suppurative pneumopathies*
  
  - Medicina respiratoria del sonno
  - *Sleep disorders breathing*
  
  - Insufficienza respiratoria acuta e cronica
  - *Acute and chronic respiratory failure*
  
  - Patologie neuromuscolari e riabilitazione respiratoria terapia inalatoria cure palliative pediatriche
  - *Neuromuscular diseases and respiratory rehabilitation inhalation therapy pediatric palliative care*
  
  - Tirocinio pratico
  - Practical training
  
  - **Prova finale**
  - **Final exam**
